HOT MELT SYSTEMS

The Hot Melt Resource With
"KING SIZE"
Expertise
Stick With HMT
The Mattress Industry
Leader!

Since 1981, Hot Melt Technologies (HMT) has been the "go-to" source for hot melt systems for the mattress assembly industry. What's more, our applicators are in use at hundreds of bedding companies worldwide, because we offer:

- Hot melt systems for foam-encased, pillow-top and pocket-coil assemblies as well as foam-layer laminations
- Innovative automatic guns, handguns, hoses and accessories to increase productivity and minimize costs
- Competitively priced, solvent-free hot melt adhesives for every application
- Specialized mattress industry expertise and technical assistance
- In-house needs analysis and unsurpassed customer satisfaction

When it comes to expertise, value, convenience and satisfaction, remember ... **No One Puts It Together Like HMT.**

ISPA MEMBER

Benchmark 315 or 715
For low-volume applications.

HMT offers a full-range of hot melt systems to handle your foam-encased, pillow-top, pocket coil and foam layer lamination mattress applications.

Benchmark 725, 735, or 750
For medium-volume applications.

Mattress Assembly Hot Melt Systems ... From An Industry Leader!

A hot melt system from HMT is a choice you can make with confidence now ... and for years to come. With each, you're assured of:

- Performance** – From low-to-high volume applications... you choose the system that best fits your need.
- Efficiency** – HMT hot melts are thermoplastics that are heated and applied in a bead or spray patterns, offering excellent set and dry times that let you ship product faster and use floor space more efficiently. Unlike solvents, hot melts are safe, non-flammable, and do not require special ventilation.
- Expertise** – With hot melt systems at work in mattress factories around the globe, HMT knows what works!
- Convenience** – Offering applicators, guns, hoses, accessories and adhesives, HMT is one source for all your hot melt needs.
- Durability** – Proven in decades of high-abuse conditions, HMT applicators feature heavy-duty components and ready serviceability.

ProFlex Series
For high-volume applications with tanks up to 200lbs.

Rely On HMT For All Your Hot Melt Application Needs.

Since 1981, Hot Melt Technologies has focused on making the best hot melt equipment available and sharing our application expertise with companies just like yours. At HMT, we know the importance of the products you manufacture. Our equipment - and your satisfaction with it are equally important to us. Everything we provide - from melt tanks to hoses, to guns and nozzles, to spare parts and accessories - is manufactured to the highest engineering, technical, and quality standards. From basic out-of-the-box applicators to specially designed systems, you can rely on HMT to remain committed to you and your continued satisfaction.

So, if you're seeking expertise, value, convenience and satisfaction, remember ...

No One Puts It Together Like HMT.
